MESSES. TICKNOR & FIELDS
PUBLISH THIS DAY THE FOLLOWING
NEW WORKS:

HYMNS OF THE AGES, THIRD SERIES. Printed and bound uniformly with the previous volumes of the series. 1 vol., small 4to, with a steel plate. Price \$2.50.
This volume is a continuation of the admirable and highly popular collections which bear the same name. The editors say of it:

"The present differs from our previous series in the larger space devoted to hymns by 'Time of War' and 'For God'. We have been advised to include hymns by Watts, Wesley, Cooper, and others which had been rejected hitherto as common in Church collections, and have also given many hymns we could find of the musical, poetical, and moral value of genuine hymns."

"So far, we are failing to recover a few more of the rich old Latin hymns which, filtering down through German and English versions, sink as dryly into the heart to-day as they did before they had once received native growth, proving that the spiritual hearts are dead, and the emotions are but shadows of a sight."
